PRODUCTION NOTES

Mounting method:
3M VHB tape

Mounting surface:
TBD

Departments Involved / Quantity:
C,B (2)

LEAD TIMES - IMPORTANT NOTICE:

LEAD TIME for production = Typically 4-6 weeks from **Final Approval**.

Final Approval defined:

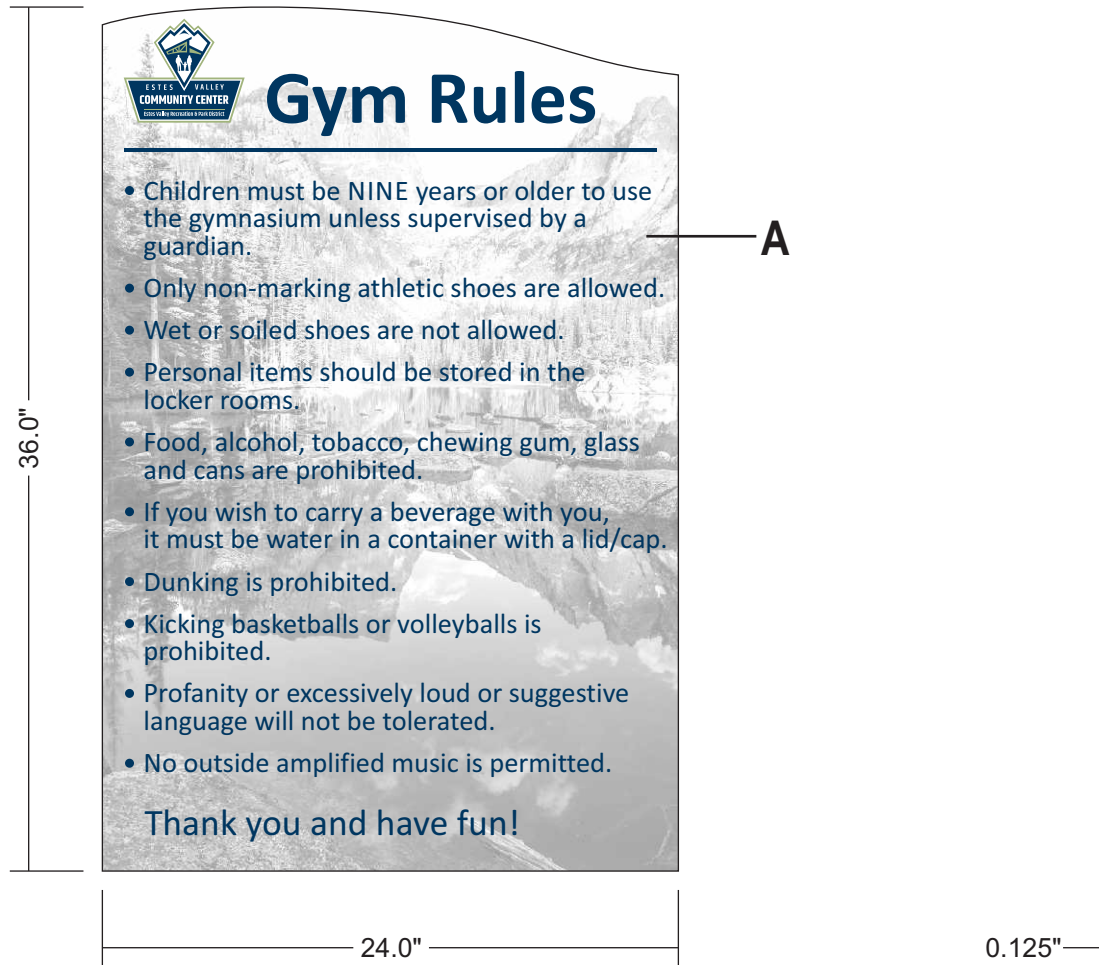

1. Customer order is received
2. Signed change orders have been received
3. Approved Design Review received
4. Signed Sign Schedule is received

Commitment Date may not match Need Date:
Final Approval must be received with enough lead time to meet the Need Date for the project. The commitment date for this project will depend upon available production capacity and material lead times at the time of **Final Approval**. Material ordering and production CANNOT BEGIN until **Final Approval**.

Changes received after Final Approval...
suspends work and schedule dates until changes are assessed and may delay project completion. Commitment date will need to be reestablished.

IF THIS PROJECT CONTAINS NATURAL PRODUCTS; i.e., WOOD, STONE:
Because no two pieces of natural products are alike, variations in color, grain, and texture are natural occurrences to be appreciated. Lacquer finishes on wood may unavoidably have minor hairline cracking at joints and edges.
